US ARMY WAR COLLEGE
CARLISLE BARRACKS, PENNSYLVANIA 17013

IN REPLY REFER TO:

Office of the Commandant

4 DEC 1970

Dear Doctor Cunningham:

Each year, as part of its Course 4, "Internal Defense and Development Operations," the US Army War College has sought to examine in depth the internal security problems in a number of selected countries. This has taken the form of a panel presentation by knowledgeable US Government experts familiar with the problems of the particular country, followed by extended question periods during which members of the Army War College Class may direct specific inquiries to the panel members.

For this academic year, we are trying to assemble small country teams for Brazil, Guatemala, Ethiopia, Indonesia, and Thailand. Thus far we have made arrangements for representatives from the State Department, Department of Defense, and US Agency for International Development, and to complete our panels, we would like to obtain representation from your agency for each of the above selected countries.

The panel session is scheduled to take place at the Army War College on Friday, 8 January 1971, and the objective, scope, and schedule for the panel are as shown in the inclosure. If additional information is desired, please contact my Faculty representative, Colonel Robert O. Lynch, at 245-3725 or 245-3040.

We would be grateful if your agency could provide representatives for each of our panels because this would provide greater depth and dimension to our studies.

Sincerely,

A handwritten signature in black ink, appearing to read "G. S. Eckhardt", is written over the typed name.
